Pressure profiles (without fixed losses)

Transient velocity near the inflow portals (without fixed losses)

Velocity profile at the final timestep (without fixed losses)

## Pressure profiles (with fixed losses)

Total pressure along tunnel "mainline3" at 500 sec
Total pressure along tunnel "mainline4" at 500 sec
Static pressure along tunnel "mainline3" at 500 sec
Static pressure along tunnel "mainline4" at 500 sec

Transient velocity near the inflow portals (with fixed losses)

Air velocity in tunnel "mainline3" at 10000 m
Air velocity in tunnel "mainline4" at 10000 m

Velocity profile at the final timestep (with fixed losses)

Air velocity along tunnel "mainline3" at 500 sec
Air velocity along tunnel "mainline4" at 500 sec
